

## Welcome to Polarsirkelen videregående skole

In this letter we have included important information about the first day of school, August 13th. You and your guardians will receive a text message with an invitation to an introductory meeting. The meeting is intended to establish good communication and offer practical details about the school.

### Students living away from home

And their guardians are invited to attend a meeting the day before the first day of school as well. On August 12th at 18:00 we will, among other things, show you around school and receive information about the various educational programs. [Register here.](#)

### The first day of school

- Start-up meeting between you, your guardians, and your teacher (approx. 20 minutes).
- Photography for your digital student ID.
- Distribution of a PC if the contract for student PC and learning materials has been signed.
- Information about elective subjects (applies to general studies programmes).

### To-dos before the first day of school

- Create a password for your Feide ID in the [password portal](#). Wait to register until you have received your Feide ID via text message or email.
- Sign the [contract for a student PC and learning materials](#). This must be done by your guardians.
- Read [the school regulations](#).
- Have your BankID, code device, or VIGO codes ready for use on August 13th.
- Bring the contact details for your guardians (email address and phone number).
- Get a padlock for your locker (we recommend a lock of some quality to be used, but we have no requirements)

### What you can do before school starts

- Set up a digital mailbox at [norge.no](#).
- Apply for [school transport](#) if you live over six kilometers from the school.
- Apply for an equipment grant at [vigo.no](#) for students with “ungdomsrett” or other support through [Lånekassen \(lanekassen.no\)](#).

Our wish is to provide you with a good and safe learning environment so that you can reach your full potential in both learning and performance. We look forward to seeing you!

Kind regards

Polarsirkelen videregående skole

Headmaster Thomas Skonseng
